RESOLVED, by the Board of Trustees of the California State University, that:

1. The board finds that the March 2017 Focused Tiered Final Environmental Impact Report, tiered to the 2007 Campus Master Plan EIR, has been prepared in accordance with the requirements of the California Environmental Quality Act.
2. The Board of Trustees hereby certifies the tiered project FEIR for the San Francisco State University Creative Arts Replacement and Student Housing/Mixed-Use projects.
3. Prior to the certification of the tiered FEIR, the Board of Trustees reviewed and considered the above-mentioned FEIR, and finds that the FEIR reflects the independent judgment of the Board of Trustees. The board hereby certifies the FEIR for the project as complete and adequate in that the FEIR addresses all potentially significant environmental impacts of the project and fully complies with the requirements of CEQA and the CEQA Guidelines. For the purpose of CEQA and the CEQA Guidelines, the administrative record of proceedings for the project includes the following:
 - a. The 2017 Final EIR for the San Francisco State University Creative Arts Replacement and Student Housing/Mixed-Use Project, which includes the Draft EIR in total, as revised due to comments received and other changes required, and responses to comments.

- b. All attachments, documents incorporated, and references made in the document as specified in item (a) above.

The mitigation measures identified in the Mitigation Monitoring and Reporting Program shall be monitored and reported in accordance with the Mitigation Monitoring and Reporting Program, which meets the requirements of CEQA (Public Resources Code, Section 21081.6).
6. The board has adopted Findings of Fact and Statement of Overriding Considerations that outweigh the new significant unavoidable cumulative impact to historic resources.
7. The FEIR identified one new significant unavoidable cumulative impact on the Parkmerced Remnant Historic District that would result from implementation of the project. That impact is overridden due to the specific project benefits to the CSU identified in the Findings of Fact and Statement of Overriding Considerations.
8. The FEIR also indicated that the project would contribute to the significant unavoidable construction noise impact identified in the 2007 Campus Master Plan EIR. The Findings and Statement of Overriding Considerations adopted by the Board of Trustees in connection with its approval of the 2007 Campus Master Plan and certification of the 2007 Campus Master Plan EIR addressed this construction noise impact. Relative to this impact, the Board of Trustees reaffirms the Statement of Overriding Considerations adopted in tandem with the approval of the 2007 Campus Master Plan and certification of the 2007 Campus Master Plan EIR. As one component of the development envisioned in the 2007 Campus Master Plan, the project will contribute to the various benefits identified in that Statement of Overriding Considerations.
9. The projects will benefit the California State University.
10. The San Francisco State University Campus Master Plan Revision dated May 2017 is approved.
11. The 2016-2017 Capital Outlay Program is amended to include \$102,124,000 for preliminary plans, working drawings, construction, and equipment for the San Francisco State University Student Housing/Mixed-Use project.

14. The schematic plans for the San Francisco State University Creative Arts Replacement Building are approved at a project cost of \$81,114,000 at CCCI 6151.

**North Campus Enhancements and Soccer Training Facility for California State University,
Los Angeles
(RCPBG 05-17-09)**

RESOLVED, by the Board of Trustees of the California State University, that:

1. The FEIR for the California State University, Los Angeles – North Campus project has addressed any potentially significant environmental impacts, mitigation measures, project alternatives, comments and responses to comments associated with approval of the proposed campus master plan revision pursuant to the requirements of the California Environmental Quality Act and State CEQA Guidelines.
2. The FEIR addresses the proposed campus master plan revision and all discretionary actions related to the project as identified in the Final EIR.
3. This resolution is adopted pursuant to the requirements of Section 21081 of Public Resources Code and Section 15091 of State CEQA Guidelines which require that the Board of Trustees make findings prior to the approval of a project.
4. The board hereby adopts the Findings of Fact and Mitigation Monitoring and Reporting Program, including all mitigation measures identified therein, for Agenda Item 8 of the May 23-24, 2017 meeting of the Board of Trustees' Committee on Campus Planning, Buildings and Grounds, which identifies the specific impacts of the proposed project and related mitigation measures, which are hereby incorporated by reference.
5. The FEIR has identified potentially significant impacts that may result from implementation of the proposed project. However, the Board of Trustees, by adopting the Findings of Fact, finds that the inclusion of certain mitigation measures as part of the project approval will reduce most, but not all, of those effects to less than significant levels. The short term air quality impacts related to construction which are not reduced to less than significant levels are identified as significant and unavoidable, and are overridden due to

- specific project benefits to the CSU identified in the Findings of Fact and Statement of Overriding Considerations.
6. Prior to the certification of the FEIR, the Board of Trustees reviewed and considered the above-mentioned FEIR, and finds that the FEIR reflects the independent judgement of the Board of Trustees. The trustees hereby certify the FEIR for the project as complete and adequate in that the FEIR addresses all potentially significant environmental impacts of the project and fully complies with the requirements of CEQA and State CEQA Guidelines. For the purpose of CEQA and State CEQA Guidelines, the administrative record of proceedings for the project includes the following:
 - a. The 2017 Draft EIR for the California State University, Los Angeles – North Campus Project;
 - b. The Final EIR, including comments received on the Draft EIR, and responses to comments;
 - c. The proceedings before the Board of Trustees relating to the subject master plan revision and related actions, including testimony and documentary evidence introduced as such proceedings; and
 - d. All attachments, documents incorporated, and references made in the documents as specified in items (a) through (c) above.
 7. The Board of Trustees hereby certifies the FEIR for the California State University, Los Angeles – North Campus Project dated April 2017 as complete and in compliance with CEQA.

 9. The project will benefit the California State University.
 10. The California State University, Los Angeles Campus Master Plan Revision dated May 2017 is approved.
 11. The 2016-2017 Capital Outlay Program is amended to include \$26,042,000 for preliminary plans, working drawings, construction, and equipment for the Los Angeles Football Club Training Facility.
 12. The schematic plans for the California State University, Los Angeles – Los Angeles Football Club Training Facility project are approved at a project cost of \$26,042,000 at CCCI 6255.
 13. The chancellor or his designee is requested under Delegation of Authority granted by the Board of Trustees to file the Notice of Determination for the Final Environmental Impact Report for the California State University, Los Angeles – North Campus Project.

RESOLVED, by the Board of Trustees of the California State University, acting under the authority prescribed herein and pursuant to Section 89030 and 89030.1 of the Education Code, that sections 40530, 40531 and 40532 of Title 5 of the California Code of Regulations are repealed:

Title 5, California Code of Regulations
Division 5 – Board of Trustees of the California State Universities
Chapter 1 – California State University
Subchapter 2 – Educational Program
~~**Article 9 – Lower Division Transfer Patterns by Major**~~
~~**§ 40530. Definitions.**~~

~~(a) The term “systemwide lower division transfer pattern by major” means a set of lower division curricular specifications comprising at least 45 semester units but no more than 60 semester units that will be accepted at every CSU campus offering a program leading to that degree and major. Each unit that a student completes in the systemwide lower division transfer pattern by major reduces by one unit the total number of units that the student must complete to earn that degree with that major. A systemwide lower division transfer pattern by major will ordinarily include courses that fulfill General Education Breadth or Intersegmental General Education Transfer Curriculum requirements; United States History, Constitution, and American Ideals requirements; and major-specific, lower division requirements. A course in a systemwide lower division transfer pattern by major may contribute to completion of more than one requirement.~~

~~(b) The term “campus specific lower division transfer pattern by major” means a set of lower division curricular specifications beyond the systemwide lower division transfer pattern by major, comprising units that will be accepted at a particular CSU campus offering a program leading to that degree and major. Each unit that a student completes in the campus specific lower division transfer pattern by major reduces by one unit the total number of units that the student must complete to earn that degree with that major.~~

~~(c) For purposes of this article, majors are distinguished by the CSU program code assigned to them and the degrees to which they lead.~~

(d) For purposes of this article, a major will be considered high priority if it meets criteria established by the Chancellor. In establishing criteria, the Chancellor shall consider (1) the number of CSU campuses at which the major is offered and (2) the proportion of the undergraduate student body enrolled in the major at the CSU campuses offering that major.

Chapter 1 – California State University
Subchapter 2 – Educational Program
~~**Article 9 – Lower-Division Transfer Patterns by Major**~~
~~**§ 40531. Development of Systemwide Lower-Division Transfer Patterns by Major.**~~

(a) ~~A systemwide lower-division transfer pattern by major shall be established for each high-priority major. The Chancellor, in consultation with the Academic Senate of the California State University, shall develop procedures for establishing systemwide lower-division transfer patterns by major. The procedures shall include extensive participation of faculty members in the major. The procedures shall encourage the development of systemwide lower-division transfer patterns by major that are consistent with, but not necessarily identical to, the recommended lower-division course-taking patterns of CSU first-time freshmen.~~

(b) ~~If a degree and major frequently incorporate options or concentrations that would individually meet the criteria established for high-priority majors, the procedures shall allow for the development of a distinct systemwide lower-division transfer pattern by major for each of those common options or concentrations.~~

~~**Article 9 – Lower-Division Transfer Patterns by Major**~~
~~**§ 40532. Development of Campus-Specific Lower-Division Transfer Patterns by Major.**~~

~~Each CSU campus shall develop a campus-specific lower-division transfer pattern by major for each high-priority major it offers. The number of semester units in~~

~~the systemwide lower division transfer pattern by major plus the number of semester units in the campus-specific lower division transfer pattern by major shall be no fewer than 60 and no more than 70. The procedures shall encourage the development of campus-specific lower division transfer patterns by major that, in combination with the corresponding systemwide lower division transfer patterns by major, are consistent with, but not necessarily identical to, the recommended lower division course-taking patterns of CSU first-time freshmen.
