THE CALIFORNIA STATE UNIVERSITY SALARY SCHEDULE EXPLANATORY NOTES

Following are a number of explanatory notes which will provide definitions and instructions to facilitate the proper use and understanding of the salary schedule.

The salary schedule has been arranged according to the collective bargaining identifier (CB ID). For example, those classes with a CB ID of R06 appear alphabetically in the section titled "Bargaining Unit R06, Skilled Crafts"; those classes that have a CB ID of C99 appear alphabetically in the section titled "Confidential Classes C99," etc. Explanation of the CB ID is contained in Item E of this section.

Also preceding the salary schedule, an alphabetical list of classes with CB ID has been provided in order to help facilitate the location of classes.

A. APPLICATION OF RANGE CODES. The range code identifies an alternate range of a classification when the class has more than one assigned salary range. If there is no alternate range, the range code is 0 or blank.

1. 10/12 PAY PLAN. Those classes eligible for the 10/12 Pay Plan are identified in the salary schedule. When a class with one salary range is placed on the 10/12 Pay Plan, the 10/12 salary range is identified in Range Code 8, Range C (Range A reflects the normal salary of the class). When a class with two normal salary ranges (e.g. Ranges A and B for R09 Interpreter/Transliterator II, class code 7169) is placed on the 10/12 Pay Plan, the 10/12 salary ranges are identified in Range Code 8, Range Code C (corresponding to the Range A criteria) and in Range Code 9, Range D (corresponding to the Range B criteria). See item #4 below for an example of classifications with separate class codes for the 10/12 pay plan.

RANGE C. This range shall have the same criteria as Range A with the salary for ten months' work paid in twelve equal installments (10/12 Pay Plan).

TYPE D - Is used to compensate instructors of courses who also serve as mentors to external students enrolled in the same course via "parallel instruction". It is also used to compensate mentors who work with students enrolled in courses of programmed or modularized self-pacing study in which instruction is given mainly by course or library materials and through conferences with the mentor.

TYPE E - Is used to pay faculty who serve as mentors to students enrolled in courses via "parallel instruction" but who are not responsible for teaching the course in which the students are enrolled. It is also used for typical independent study enrollments.

TYPE F - Is used to pay faculty who supervise external students who are writing theses or graduate projects or who are enrolled in advanced tutorials. For Chairmen of committees for graduate theses or projects, use Type F. For other members of such committees, use Type E.

TYPE G - Instructor\Coordinator of Programs of Parallel Instruction - is used to pay instructors of courses offered externally via parallel instruction in which mentors are employed, when the instructor has coordinating responsibilities. Compensation will depend on the number of mentors involved and estimates of the amount of time required for the coordinating responsibilities. As a guideline, the coordinator's compensation should be set at 25% of Type E compensation multiplied by the number of mentors. If the instructor is serving as a mentor also, this compensation may be in addition to compensation earned under Type D.

TYPE H - Is used to pay faculty who supervise students involved in internships and student teaching.

NOTE: Compensation for non-teaching services as described for coordinating functions under Type G on this page may be in addition to the maximum compensation allowable for teaching six semester or nine quarter units in extension in the academic year.

HOURLY RATE. Guidelines for use of hourly rates are contained in FSA 76-78 - CE 76-22. This special schedule contains rates of pay for instructionally related functions such as service as mentors, supervision of directed study, theses, and graduate projects. These hourly rates may also be utilized to compensate faculty for student contact hours in connection with teaching assignments in non-credit educational activities and for a variety of non-teaching assignments performed in support of the extension program (e.g., coordination of courses, workshops, conferences and institutes; program development and evaluation activities; and service as special lecturers and consultants).
