

**EdQ DataView**

## Who is my Campus Dashboard Coordinator?

The Educator Quality (EdQ) Center asks campus deans to nominate a Campus Dashboard Coordinator for their campus. The role of the Campus Dashboard Coordinator is to collaborate with their dean to submit a user list of active faculty and staff who are authorized to use the EdQ DataView dashboards. The user list is updated each month and submitted to EdQ Center. Please contact your Campus Dashboard Coordinator if you have questions about access to the EdQ DataView dashboards.
