
CPDC A/E Technical Bulletin

08-003

Date: January 7, 2008

From: Thomas Kennedy, Chief of Architecture and Engineering

Subject: **Statement of Required Project Special Inspections**

Distribution:

Item No.	Information
1	Issue: 2007 California Building Code (CBC) requires special inspections and testing to be defined in writing as a condition of project approval.
2	Response: New model template available to meet code requirements
3	Where to Find: Available online with instructions at CPDC A/E website. Requirement and document will be referenced in next major SUAM update.
4	Website: http://www.calstate.edu/cpdc/ae/seismic_forms.shtml
5	Applicability: All new construction under 2007 CBC, typically Major Cap, but applicable to all new construction requiring special inspection or testing. Campus may use this form or develop their own.
6	Notes: Requirement for use also noted in SRB policy (Section 3.10).
