Modification of California State University Admission Policy for Upper-Division Transfer Students (REP 07-04-04)

RESOLVED, By the Board of Trustees of the California State University, acting under the authority prescribed herein and pursuant to Section 89030.1 of the Education Code, that the board hereby amends its regulations in Subchapter 2 of Chapter 1, Division 5 of Title 5 of the California Code of Regulations as follows:

Article 9. Lower-Division Transfer Patterns by Major

§ 40530. Definitions

(a) The term “systemwide lower-division transfer pattern by major” means a set of lower-division curricular specifications comprising at least 45 semester units but no more than 60 semester units that will be accepted at every CSU campus offering a program leading to that degree and major. Each unit that a student completes in the systemwide lower-division transfer pattern by major reduces by one unit the total number of units that the student must complete to earn that degree with that major. A systemwide lower-division transfer pattern by major will ordinarily include courses that fulfill General Education-Breadth or Intersegmental General Education Transfer Curriculum requirements; United States History, Constitution, and American Ideals requirements; and major-specific, lower-division requirements. A course in a systemwide lower-division transfer pattern by major may contribute to completion of more than one requirement.

(b) The term “campus-specific lower-division transfer pattern by major” means a set of lower-division curricular specifications beyond the systemwide lower-division transfer pattern by major, comprising units that will be accepted at a particular CSU campus offering a program leading to that degree and major. Each unit that a student completes in the campus-specific lower-division transfer pattern by major reduces by one unit the total number of units that the student must complete to earn that degree with that major.

(c) For purposes of this article, majors are distinguished by the CSU program code assigned to them and the degrees to which they lead.

(d) For purposes of this article, a major will be considered high-priority if it meets criteria established by the Chancellor. In establishing criteria, the Chancellor shall consider (1) the number of CSU campuses at which the major is offered and (2) the proportion of the undergraduate student body enrolled in the major at the CSU campuses offering that major.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40531. Development of Systemwide Lower-Division Transfer Patterns by Major

(a) A systemwide lower-division transfer pattern by major shall be established for each high-priority major. The Chancellor, in consultation with the Academic Senate of the California State University, shall develop procedures for establishing systemwide lower-division transfer patterns by major. The procedures shall include extensive participation of faculty members in the major. The procedures shall encourage the development of systemwide lower-division transfer patterns by major that are consistent with, but not necessarily identical to, the recommended lower-division course-taking patterns of CSU first-time freshmen.

(b) If a degree and major frequently incorporate options or concentrations that would individually meet the criteria established for high-priority majors, the procedures shall allow for the development of a distinct systemwide lower-division transfer pattern by major for each of those common options or concentrations.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40532. Development of Campus-Specific Lower-Division Transfer Patterns by Major

Each CSU campus shall develop a campus-specific lower-division transfer pattern by major for each high-priority major it offers. The number of semester units in the systemwide lower-division transfer pattern by major plus the number of semester units in the campus-specific lower-division transfer pattern by major shall be no fewer than 60 and no more than 70. The procedures shall encourage the development of campus-specific lower-division transfer patterns by major that, in combination with the corresponding systemwide lower-division transfer patterns by major, are consistent with, but not necessarily identical to, the recommended lower-division course-taking patterns of CSU first-time freshmen.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

And, be it further

RESOLVED, By the Board of Trustees of the California State University, acting under the authority prescribed herein and pursuant to Section 89030.1 of the Education Code, that the board hereby amends its regulations in Title 5, Division 5, Chapter 1, Subchapter 3, Article 2, Section 40651 as follows:

§ 40651. Administrative Procedures.

(a) Upon establishment of enrollment quotas for any campus pursuant to Section 40650 of this Article, admission of students otherwise qualified shall be within such quotas with the objective of providing maximum opportunity and appropriate diversity among students.

(b) In determinations of priority for admission:

(1) The policy of the State that students who begin their higher education in California public Community Colleges be able to continue their education without interruption, shall be considered.

(2) The following factors may be considered:

(A) Previous enrollment at the campus;

(B) The applicant's degree or credential objective;

(C) Whether the applicant has completed military or other national service;

(D) Geographical proximity to the campus where the distance involved in attending another institution would create a hardship;

(E) Access to suitable educational alternatives;

(F) The date the application is filed; (an application shall be considered filed as of the date it is postmarked, filed electronically, or ~~when it is personally delivered~~ to the office on campus designated for such purpose.);

(G) The needs of the campus in maintaining a balanced program with respect to foreign students, out-of-state students, recipients of scholarships and awards, and with respect to students who would make a significant contribution to the campus because of their background or special abilities.

(3) Applicants who complete successfully a systemwide lower-division transfer pattern by major and the campus-specific lower-division transfer pattern for that major, as defined in Section 40530, shall be accorded the highest priority for admission as undergraduate transfers to that campus and major. "Highest priority" as used herein means a guarantee of admission subject to enrollment demand, available space, and satisfactory completion of any impactation criteria for that campus and major.

(c) The Board of Trustees may, by resolution, establish particular policies for the implementation of priorities authorized by this Section. The Chancellor shall establish methods of determining priorities to be applied by each campus within the provisions of this Section, including any implementing resolutions adopted by the Board of Trustees. In addition, the Chancellor is authorized to establish criteria for use in admission to impacted programs.

COMMITTEE OF THE WHOLE

Revision of Title 5 (RCOW 07-04-02)

RESOLVED, By the Board of Trustees of the California State University, acting under the authority prescribed herein and pursuant to Section 89030.1 of the Education Code, that the Board hereby approves the revisions to Chapter 1, Division 5 of Title 5 of the *California Code of Regulations* as follows:

Subchapter 2 — Educational Program Article 5 — General Requirements for Graduation

§ 40402.1. Entry-Level Learning Skills.

~~(This section applies to students who enter the curriculum on or after the commencement of the 1981-82 academic year.)~~

Each student admitted to The California State University is expected to possess basic competence in the English language and mathematical computation to a degree reasonably expected of entering college students. Students admitted who cannot demonstrate such basic competence should be identified as quickly as possible and be required to take steps to overcome the deficiencies. Any coursework completed primarily for this purpose shall not be applicable to the baccalaureate degree.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40405. General Education–Breadth Objectives.

~~(This section applies to students who enter the curriculum on or after the commencement of the 1981-82 academic year.)~~

General education-breadth requirements in The California State University are so designed that, taken with the major depth program and elective credits presented by each candidate for the bachelor's degree, they will assure that graduates from the several campuses in the system have made noteworthy progress toward becoming truly educated persons. Particularly, the purpose of the breadth requirements is to provide means whereby graduates:

(a) will have achieved the ability to think clearly and logically, to find and critically examine information, to communicate orally and in writing, and to perform quantitative functions;

(b) will have acquired appreciable knowledge about their own bodies and minds, about how human society has developed and how it now functions, about the physical world in which they live, about the other forms of life with which they share that world, and about the cultural endeavors and legacies of their civilizations;

(c) will have come to an understanding and appreciation of the principles, methodologies, value systems, and thought processes employed in human inquiries.

It is the intent of this section that the general education-breadth requirements be planned and organized in such a manner that students will acquire the abilities, knowledge, understanding, and appreciation suggested as interrelated elements and not as isolated fragments.

There are three acceptable programs: The California State University General Education-Breadth Requirements (Section 40405.1), the Intersegmental General Education Transfer Curriculum (Section 40405.2), and General Education Reciprocity with the University of California (Section 40405.3).

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40405.1. California State University General Education-Breadth Requirements.

~~(This section applies to students who enter the curriculum on or after the commencement of the 1981-82 academic year.)~~

(a) Each recipient of the bachelor's degree completing the California State University General Education-Breadth Requirements pursuant to this subdivision (a) shall have completed a program which includes a minimum of 48 semester units or 72 quarter units of which 9 semester units or 12 quarter units shall be upper division level and shall be taken no sooner than the term in which the candidate achieves upper division status. At least 9 of the 48 semester units or 12 of the 72 quarter units shall be earned at the campus granting the degree. The 48 semester units or 72 quarter units shall be distributed as follows:

(1) A minimum of 9 semester units or 12 quarter units in communication in the English language, to include both oral communication and written communication, and in critical thinking, to include consideration of common fallacies in reasoning.

(2) A minimum of 12 semester units or 18 quarter units to include inquiry into the physical universe and its life forms, with some immediate participation in laboratory activity, and into mathematical concepts and quantitative reasoning and their applications.

(3) A minimum of 12 semester units or 18 quarter units among the arts, literature, philosophy and foreign languages.

(4) A minimum of 12 semester units or 18 quarter units dealing with human social, political, and economic institutions and behavior and their historical background.

(5) A minimum of 3 semester units or 4 quarter units in study designed to equip human beings for lifelong understanding and development of themselves as integrated physiological, social, and psychological entities.

The specification of numbers of units implies the right of discretion on each campus to adjust reasonably the proportions among the categories in order that the conjunction of campus courses, credit unit configurations and these requirements will not unduly exceed any of the prescribed semester or quarter unit minima. However, the total number of units in General Education-Breadth accepted for the bachelor's degree under the provisions of this subdivision (a) should not be less than 48 semester units or 72 quarter units.

(b) The President or an officially authorized representative of a college which is accredited in a manner stated in Section 40601 (d)(1) may certify the extent to which the requirements of subdivision (a) of this section have been met up to a maximum of 39 semester units (or 58 quarter units). Such certification shall be in terms of explicit objectives and procedures issued by the Chancellor.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40405.2. Intersegmental General Education Transfer Curriculum.

(a) Students transferring from California Community Colleges under the provisions of this subdivision may satisfy General Education-Breadth requirements for the California State University bachelor's degree through satisfactory completion of the Intersegmental General Education Transfer Curriculum and a minimum of 9 semester units or 12 quarter units of upper division general education coursework. All upper division general education requirements shall be completed no sooner than the term in which the candidate achieves upper division status at the California State University campus granting the degree.

All lower division requirements can be fulfilled by completing the Intersegmental General Education Transfer Curriculum which shall include lower division courses distributed as follows:

(1) A minimum of 9 semester units or 12 quarter units in English communication, to include one course in English composition of no fewer than 3 semester units or 4 quarter units, one course in oral communication of no fewer than 3 semester units or 4 quarter units, and one course in critical thinking-English composition of no fewer than 3 semester units or 4 quarter units.

(2) A minimum of 3 semester units or 4 quarter units in mathematical concepts and quantitative reasoning.

(3) At least three courses totaling a minimum of 9 semester units or 12 quarter units in arts and humanities, to include at least one course in the arts and at least one course in the humanities.

(4) At least three courses totaling a minimum of 9 semester units or 12 quarter units in the social and behavioral sciences, including courses in a minimum of two disciplines or in an interdisciplinary sequence.

(5) At least two courses totaling a minimum of 7 semester units or 9 quarter units in the physical and biological sciences, to include at least one course in physical science and one course in biological science at least one of which incorporates a laboratory.

(b) The president or an officially authorized representative of a California Community College may certify that the requirements of subdivision (a) of this section have been met through the satisfactory completion of courses approved by the California State University and the University of California for inclusion in the Intersegmental General Education Transfer Curriculum. California State University campuses shall accept certification of the fully completed Intersegmental General Education Transfer Curriculum as meeting all of the lower division general education requirements for the baccalaureate degree.

NOTE: Authority cited: Section 89030, Education Code. Reference: Section 89030, Education Code.

§ 40405.3. Lower Division General Education Reciprocity Between the California State University and the University of California.

~~(This section applies to students who transfer to a California State University campus from the University of California on or after the commencement of the 1991-92 academic year.)~~

(a) The Chancellor may enter into a formal agreement of reciprocity for lower division general education requirements between the California State University and the University of California. Pursuant to such an agreement, students transferring to the California State University from campuses of the University of California may satisfy California State University general education-breadth requirements for the bachelor's degree through satisfactory completion of all lower division general education requirements of a University of California campus and of a minimum of 9 semester units or 12 quarter units of upper division general education coursework at the California State University campus granting the degree. Upper division general education requirements shall be taken no sooner than the term in which the candidate achieves upper division status.

(b) If the chancellor or an officially authorized representative of a University of California campus certifies that a student has completed that campus's lower division general education program, California State University campuses shall accept that certification as meeting all of the lower division general requirements for the baccalaureate degree.
