9. GEAC Policy file (follow-up discussion)
- a. Areas needing revision for next version of the policy implemented in 2025/26 (given no time was allowed for thorough discussion at this time):
 - i. Lab science (1 unit) – make it clearer;
 - ii. Area 5.1 needs more precise language;
 - iii. Upper/lower division GE (especially for Areas 2 or 5);
 - iv. Cal-GETC versus CSU GE (currently somewhat conflated; intention is for Cal-GETC taken at CCC to count for CSU GE, CSU GE intention to remain somewhat more flexible than Cal-GETC currently is);
 - v. Credit by exam (effectively no changes for CSU GE).
 - b. For now: FAQs website to explain some of the issues needing clarification
10. Discussion items: [Chancellor's GEAC 2023-24 charge](#)
- a. Charge item #2 (substitutions):
 - vi. “Please provide recommendations for both a policy and process for a campus to request waivers of GE course requirements for specific undergraduate programs.”
 - vii. A sub-committee of 6 members (Foster, Inouye, Schlievert, Van Selst, Rodan, Csomay) was formed to propose policy and process to GEAC for review in this area. See [proposal](#) in May Dropbox under Supporting materials.
 - b. Charge item #3 (guiding notes):
 - i. “Please provide the annual review of the CSU GE Reviewers Guiding Notes.”
 - ii. Substantial changes need to be made to the current Guiding notes document in the light of changes in GE. These changes will be reflected in a draft distributed to GEAC in August, and discussions can follow at the September meeting.
