Assistant Vice Chancellor
Financing, Treasury, and Risk Management

Summary

This item provides the quarterly investment report to the California State University Board of Trustees for the quarter that ended December 31, 2022. The information in Attachment A provides the entire quarterly investment report regarding CSU investments as required by Education Code § 89726.

Background

The California State University Master Investment Policy is posted publicly to: <https://calstate.policystat.com/policy/11691689/latest>. Pursuant to the CSU Master Investment Policy, CSU investments as of December 31, 2022 consisted of investments in the Liquidity Portfolio, the Intermediate Duration Portfolio (IDP), the Total Return Portfolio (TRP), and the State of California Surplus Money Investment Fund (SMIF). Except for amounts held at the State in SMIF, all CSU investments are held by US Bank, the custodian bank for the CSU. Neither state general fund nor CSU auxiliary funds are included in CSU investments. In addition, this report does not include approximately \$1.27 billion in bond proceeds, which by state law are required to be held by the state and are invested in SMIF.

CSU Investment Portfolios

For detailed information on the investment performance and characteristics of the CSU investment portfolios please see Attachment A.

CSU Liquidity Portfolio

The purpose of the Liquidity Portfolio is to provide sufficient and immediate liquidity to meet the operating needs of the CSU. The investment objective is safety of principal and liquidity.

The Liquidity Portfolio is managed through contracts with two investment management firms, BlackRock Financial Management and Payden & Rygel, each of whom provides investment management services for the program. While the custodian, US Bank, holds the funds invested in the Liquidity Portfolio, for investment management purposes additions to the portfolio are split evenly between the investment managers and invested according to permitted investments outlined in the Government Code of the State and the Liquidity Portfolio investment policy. Consistent with state law, the Liquidity Portfolio is restricted to high quality, fixed income securities.

CSU Intermediate Duration Portfolio (IDP)

As reported to the Board of Trustees at its March 2022 meeting, the Intermediate Duration Portfolio launched on October 1, 2021, with an initial investment of \$675 million. The purpose of the IDP is to provide opportunity for modest, additional risk adjusted returns on CSU funds not needed for immediate liquidity. The investment objectives are safety of principal, liquidity, and return. The IDP is managed through contracts with three investment management firms, Western Asset Management Company, PGIM Fixed Income, and Income Research & Management, each of whom provides investment management services for the program. While the custodian, US Bank, holds the funds invested in the IDP, for investment management purposes additions to the portfolio are split evenly between the investment managers and invested according to permitted investments outlined in the Government Code of the State and the IDP investment policy. Consistent with state law, the IDP is restricted to high quality, fixed income securities.

CSU Total Return Portfolio (TRP)

Legislation effective January 1, 2017, expanded the CSU investment authority to allow investment in mutual funds (including equity mutual funds) and real estate investment trusts. The Total Return Portfolio was created to take advantage of the new investment authority.

The purpose of the TRP is to provide opportunity for additional risk adjusted returns on CSU funds over a full market cycle. The investment objective is to achieve a prudent return within a moderate risk level.

Under State law, investment of funds in the TRP is subject to the CSU meeting certain conditions regarding investment oversight, reporting, and use of earnings, and may not be more than sixty-five percent of eligible CSU investments. The CSU Investment Advisory Committee (IAC), established by the Board of Trustees in September 2017, oversees the TRP and focuses on key issues such as investment policy, asset allocation, investment manager oversight, and investment performance.

The TRP investment policy provides a framework for the investment of portfolio funds in the TRP and includes the following key elements as further described in the TRP Investment Policy:

Investment Objectives	Investment Manager Selection
Spending Policy	Roles & Responsibilities
Time and Investment Horizon	Environmental, Social and Governance Framework
Risk Tolerance	Risk Management
Expected Return	Monitoring and Control Procedures
Asset Allocation	
Benchmarks	

The IAC has adopted an investment schedule for the TRP that utilizes a dollar-cost averaging approach and provides regular monthly contributions to the TRP. An initial investment of \$33.5 million into the TRP was made on April 1, 2018, and additional investments allowed the TRP to reach the fiscal year 2018-2019 statutory limit of \$600 million in the first half of 2019. After June 30, 2019, a new investment schedule was adopted by the IAC and staff, with the goal of funding the TRP to as much as 30 percent of CSU investments by mid-2020. However, in April of 2020, the IAC approved a reduced investment schedule in the amount of \$20 million total between April and July of 2020, and in August of 2020, the IAC suspended further contributions to the TRP for the time being. Both of these actions were taken in order to preserve liquidity in the CSU Liquidity Portfolio in response to the COVID-19 pandemic. In January of 2022, the IAC approved an additional \$900 million investment into the TRP scheduled over the next eighteen months. The investment schedule may also be adjusted by the IAC at any time depending on market conditions and staff will ensure the TRP does not exceed its statutory limit as a percent of CSU Investments.

Since the TRP Inception date¹ through December 31, 2022, the TRP investment earnings were approximately \$148.1 million. During this period, the TRP total return exceeded the Liquidity Portfolio total return by 3.53% annualized (net of fees) or a cumulative \$126.3 million, which was about 6.8 times higher than Liquidity Portfolio investment earnings.

In October 2022, the IAC approved the fourth annual TRP distribution to the system of approximately \$48.8 million, bringing total TRP distributions to the system since inception to \$161.8 million. TRP distributions are allocated to the campuses annually for capital outlay or maintenance. Consistent with state law, specifically Education Code § 89726, additional moneys earned through investments in the TRP shall be used only for capital outlay or maintenance, and shall not be used for ongoing operations.

¹ The TRP Inception Date was April 1, 2018.

Surplus Money Investment Fund (SMIF)

The State Treasurer also provides investment vehicles that may be used for CSU funds. The Surplus Money Investment Fund (SMIF) is used by the State Treasurer to invest state funds, or funds held by the state on behalf of state agencies, in a short-term pool. In order to facilitate certain expenditures, the CSU maintains small amounts of funds with the State. The portfolio includes Certificates of Deposit, Treasuries, Commercial Paper, Corporate Bonds, and U.S. Government Agencies.

Reporting Requirements

California Education Code § 89726 requires quarterly investment reports to the Board of Trustees and an annual report to the State Legislature and the Department of Finance.

Recent Actions/Next Steps

With the passage of AB 2422, effective, January 1, 2023, up to 65% of CSU Investments may be invested in the TRP and the TRP may additionally invest in commingled funds and exchange-traded funds. In light of these legislative changes, in January of 2023 the IAC took two actions and in March of 2023 the Board of Trustees took one action. First, the IAC approved a recommendation to the Board of Trustees to revise the California State University Master Investment Policy. These recommended revisions were presented to and approved by the Board of Trustees at the March 2023 meeting in Agenda Item 4 for the Committee on Finance. The IAC also approved a revised funding schedule for the TRP calling for an additional \$1.25 billion to be invested in the TRP over a twelve-month period.

The next investment report to the board is scheduled for the September 2023 meeting and will provide information on the CSU Quarterly Investment Report for the fiscal quarter ending March 31, 2023.

CSU Quarterly Investment Report For the Fiscal Quarter Ended December 31, 2022

CSU investments as of December 31, 2022, consisted of investments in the CSU Liquidity Portfolio (LP), the Intermediate Duration Portfolio (IDP), the Total Return Portfolio (TRP), and the State of California Surplus Money Investment Fund (SMIF). All CSU investments (except for funds invested in SMIF) are held by US Bank, the custodian bank for the CSU. Neither state general fund nor CSU auxiliary funds are included in CSU investments. In addition, this report does not include approximately \$1.15 billion in bond proceeds, which by state law are required to be held by the state and are invested in SMIF.

Balances and Allocations as of December 31, 2022
