CHANCELLOR'S OFFICE 2024 JOB SHADOW PROGRAM

COMPLETION CEREMONY

June 4, 2024

Audit & Advisory Services | Business & Information Technology | Human Resources

THE 2024 JOB SHADOW PROGRAM

The Job Shadow program began in 2019 with three students in partnership with CSU Dominguez Hills. This year, a record 48 students were accepted into the program, from CSU Dominguez Hills, Fullerton, San Francisco State and San José State. Of these students, 19 students met the required hours to complete the program. To date, a total of 40 students have completed the Job Shadow Program.

Additionally, other divisions at the CO have joined Human Resources in supporting our CSU students in the program. Many skilled professionals from Audit & Advisory Services, Business & Finance, Information Technology and Human Resources have provided the students exposure to functional areas of their choice. The students have also viewed at least one CSU Board of Trustees meeting as part of their learning experience.

The Job Shadow Program provides students an opportunity to gain valuable insight through real and relevant learning as they determine career paths they will take after graduation. The goal is for students to come away with a better understanding of their field of interest as it relates to their current or future majors/minors and the knowledge, skills and abilities needed to be successful.

These students have shadowed Chancellor's Office and campus professionals for more than 247 hours since January 2024. It is with great pride we acknowledge these talented CSU students in completing the 2024 Job Shadowing Program. And we wish them continued success in their academic and professional endeavors.

This program upholds CSU's mission of student excellence and Systemwide Human Resources' value of Championing Student Success. It also aligns with the CSU Graduation Initiative 2025 by enhancing our student's academic experience.

CO Executives

Closing Remarks

We thank the Chancellor's Office employees from Audit and Advisory Services, Business and Information Technology and Human Resources; and the various campus professionals who met with this year's students. Your contributions made our student's experience a positive one, and provided immediate and long-term benefits to their lives and careers.

SPECIAL AWARDS

WAI HONG LAU | MOST OVERALL AND MOST AUDIT HOURS

San Francisco State University | Senior (Graduated Spring 2024)

Business Administration (Accounting) Major, Business Administration (Information Systems) Major, Pacific Asian Studies Minor, California Studies Minor

My participation in the program was an invaluable experience for me. The professional and dedicated staff, trustees and programs provided clear and understandable insights into their work and life experiences, which benefit participants in their future careers. The BOT sessions were interesting and highlighted CSU's progress and the upcoming challenges in education.

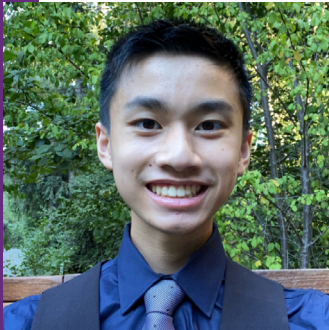

BRIANNA DEA | MOST HUMAN RESOURCES HOURS

San Francisco State University | Senior

Business Administration (Management)

Take advantage of this wonderful opportunity as this is the only chance to gain some insight within the CSU's where many of us have graduated from. Dedicating my time into this program has leveraged me towards so many HR pathways and connections. I am grateful to hear everyone's story and how they got to where they are today. Be open to anything that comes your ways because all you have is today— there is no such thing as yesterday or tomorrow.

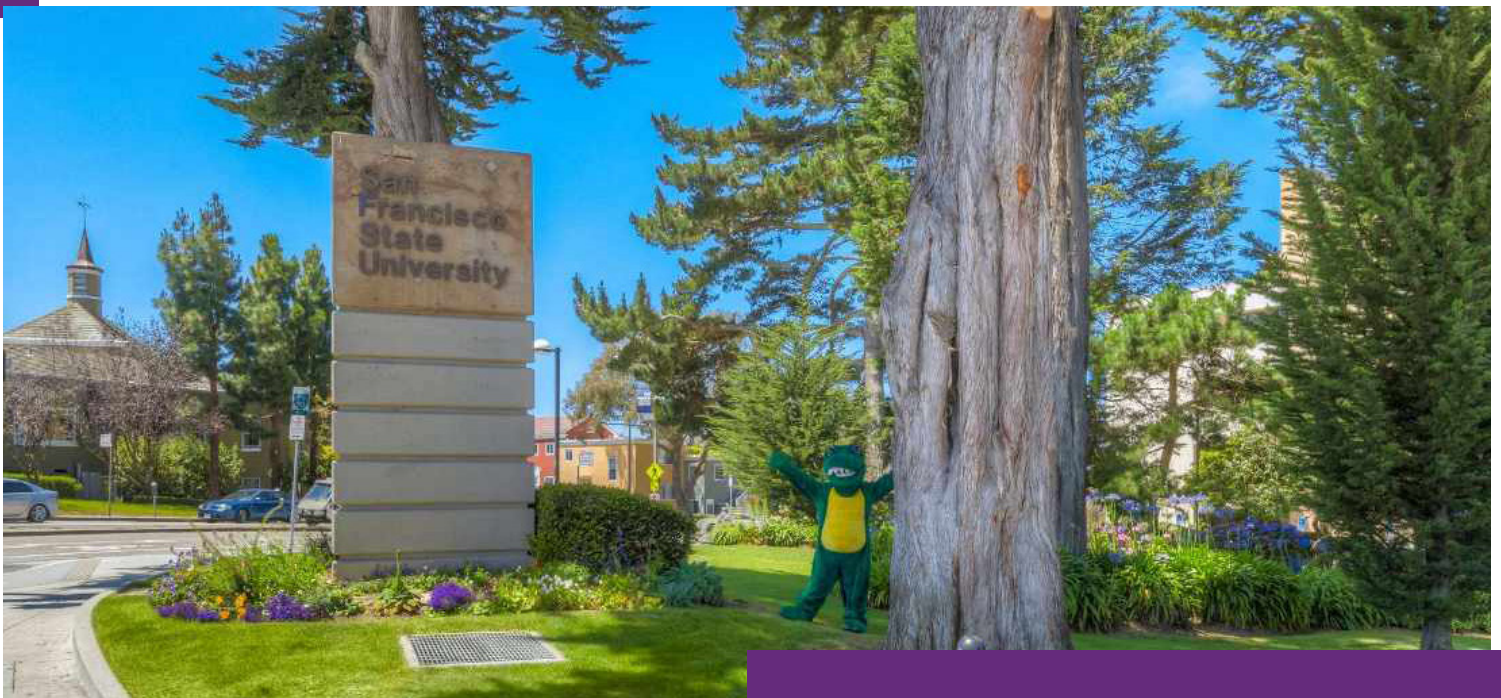

STEVEN BAO NGUYEN | MOST AUDIT HOURS

San Francisco State University | Junior

Business Administration (Information Systems)

The program was an excellent opportunity to explore the various fields and departments of the CSU. I was able to learn more about the inner workings of the IT profession and the various paths I could take. With that, there were also numerous opportunities to network and connect with professionals within my field of studies.
