

CSU The California State University

**Proposal to Integrate
California State University Maritime Academy and
California Polytechnic State University, San Luis Obispo**

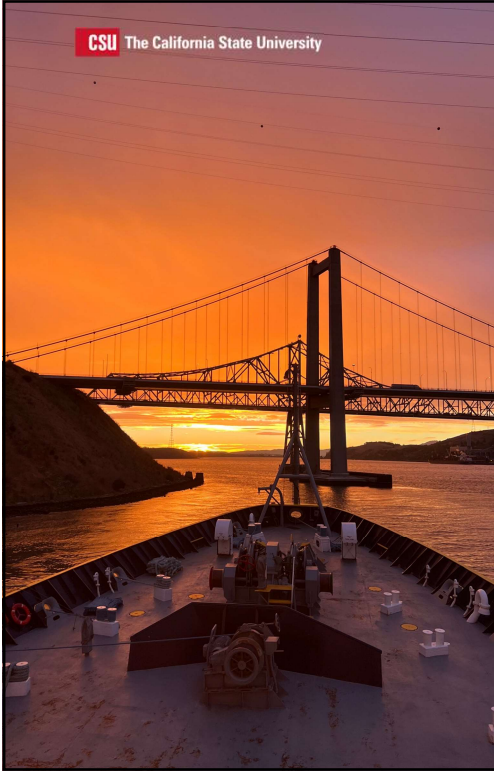

Agenda Item 2
Joint Committee on
Educational Policy and Finance
November 20-21, 2024

CSU The California State University

The Decision Before You

Approval of the proposed integration of
Cal Maritime Academy and Cal Poly

The Opportunity

Combining the strengths of Cal Maritime Academy and Cal Poly will create a **powerhouse educational institution** that can better serve the needs of students, California and the nation.

3

Overview

Progress Since Last Meeting

Functional Implementation Teams and student and faculty engagement

Accountability Measures

Development of accountability metrics that will regularly be reported

A Vision for the Future

Distinguishing characteristics of the integrated university

Conclusion and Next Steps

Key milestones if Board approves the integration

4

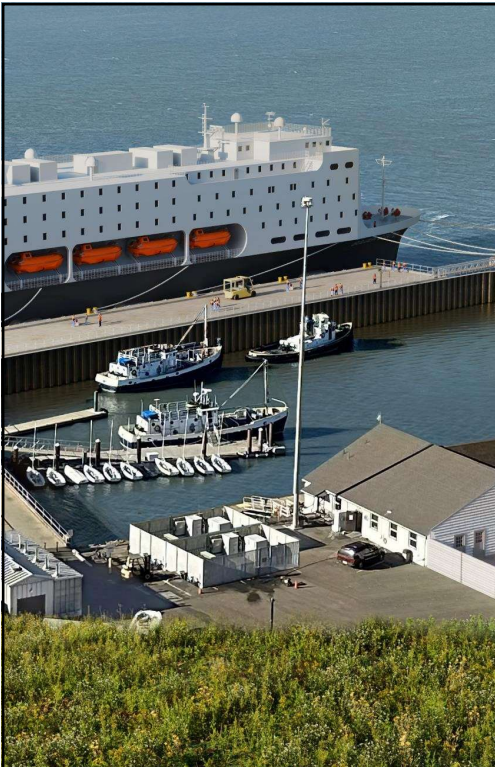

Progress Since September Board Meeting

Functional Implementation Teams (FIT)

Specialized workgroups are addressing key integration areas.

1. Academics
2. Enrollment
3. Student affairs
4. Advancement, communications and external relations
5. Financial, administrative and human resources
6. Technology
7. Legal, regulatory and accreditation

5

Progress Since September Board Meeting

Becoming Implementation Ready

Process and activity mapping to guide our implementation plan.

Student Governance and Engagement

Students identified five key ASI integration priorities.

Faculty Governance and Curriculum Review

Faculty have purview over faculty leadership structure and curriculum.

6

Accountability Measures

- 1 **Development**
Seven functional implementation teams recommend detailed success metrics across academic, operational and administrative areas.
- 2 **Oversight Structure**
Integration Steering Committee will approve and oversee accountability measures, supported by the consultant's data expertise.
- 3 **Progress Reporting**
Regular reporting on accountability measures including presentation to Board of Trustees in May 2025.

7

Accountability Measures

Key Areas to Monitor

- Enrollment
- Student diversity and success
- Administrative consolidation
- Leadership appointments
- Curricular development
- Accreditation
- Financial sustainability

8

A Vision for the Future: California Polytechnic State University

CAL POLY

University President

CAL POLY
Solano Campus

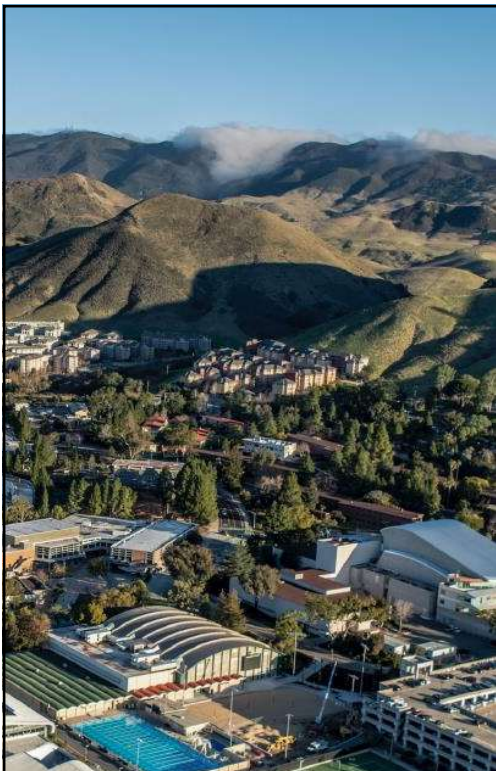

Vice President and CEO

CAL POLY
Maritime Academy

Superintendent

9

A Vision for the Future

Academic Excellence

- Combining maritime expertise with polytechnic innovation and Learn by Doing ethos.
- Creating unique opportunities in engineering and the marine sciences.

Expanding Access

- Increasing enrollment in license-track and high-demand maritime programs with targeted outreach.
- Enhancing financial aid so the university reflects California's diversity.

Innovation & Impact

- Leading development in blue-green economy and offshore wind energy.
- Supporting academic programs that contribute to the economy and national security.
