Rider A - Agreement General Provisions, Service Provider

1. Service Provider Relationship. Service Provider, in the performance of this Agreement, is an independent contractor and is not an employee, agent, or officer of the Trustees.
2. Payments. Payments under this Agreement shall be made in arrears of work increment completed to the satisfaction of the Trustees and upon submission of an invoice in CSU invoice format. If not otherwise specified payments for services rendered will be processed monthly upon presentation of invoice.
3. Services. The Trustees may issue a written order with respect to the services to be performed under this Agreement at any time before the completion of the services. The Trustees shall pay Service Provider an amount for such services as provided in this Agreement, or if not so provided, the Trustees shall pay Service Provider a reasonable amount, which shall be agreed upon by the parties.
4. Service Provider shall not utilize any information, not a matter of public record, which is received by reason of this Agreement, for pecuniary gain not contemplated by the terms of this Agreement, regardless of whether Service Provider is or is not under contract at the time such gain is realized (Education Code Section 89006).
5. Ownership. The report, survey, or other product developed by Service Provider pursuant to this Agreement is the property of the Trustees and shall not be disseminated to others by Service Provider unless authorized by the Trustees.
6. Termination for Convenience. The Trustees may terminate this Agreement upon a three (3) business-day advance written notice to Service Provider. In the event of such termination, Service Provider shall be paid only for the work satisfactorily completed.
7. Termination for Cause. Trustees may terminate this Agreement for cause should Service Provider fail to perform as herein provided. In the event of such termination, the Trustees shall be relieved of the obligation to make any payment to Service Provider and the Trustees may proceed by other means with the work in any manner the Trustees deem proper.
8. Indemnification.
The Indemnification subsection below, next to the checked box, applies to this agreement, while the subsection next to the unchecked box does not apply to this agreement.
 - a. Provisions of item 8a shall apply if the agreement is with a Service Provider that does not qualify under the provisions of California Civil Code section 2782.8. The Service Provider agrees to hold harmless, defend, and indemnify the State of California, the Trustees of the California State University, the University, and the officers, employees representatives, and agents of each of them from any and all claims, damages, losses, causes of action and demands, and all costs and expenses incurred in connection therewith, including, but not limited to, attorneys' fees and costs resulting from or in any manner arising out of or in connection with any negligent act or omission or willful misconduct on the part of the Service Provider, its officers, agents, and employees, in the performance of this Agreement. This provision shall survive the expiration or termination of this Agreement.
 - b. Provisions of item 8b shall apply if the agreement is with a Service Provider that does qualify under the provisions of California Civil Code section 2782.8 and the scope of work is for design professional services. The Service Provider agrees to hold harmless, defend, and indemnify the State of California, the Trustees of the California State University, the University, and the officers, employees

representatives, and agents of each of them from any and all claims, damages, losses, causes of action and demands, and all costs and expenses incurred in connection therewith, including, but not limited to, attorneys' fees and costs to the extent arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct on the part of the Service Provider, its officers, agents, and employees, in the performance of this Agreement. In no event shall the cost to defend charged to the Service Provider exceed the Service Provider's proportionate percentage of fault. However, notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the Service Provider shall meet and confer with other parties regarding unpaid defense costs. Service Provider's liability is not limited to recoverable insurance. This provision shall survive the expiration or termination of this Agreement.

The provisions of section 8b pertaining to the duty and cost to defend shall not apply to either of the following:

- 1) Any contract for design professional services per the provisions of California Civil Code Section 2782.8, or amendment thereto, where a project-specific general liability policy insures all project participants for general liability exposures on a primary basis and also covers all design professionals for their legal liability arising out of their professional services on a primary basis.
 - 2) A design professional per the provisions of California Civil Code Section 2782.8, that provides design professional service and is party to a written design-build joint venture agreement and not the primary holder of the Trustees and Design-Builder contract.
9. Insurance Provisions. The Service Provider shall not commence work until the Trustees have received evidence of the insurance required in this section and approved it.
- a. Service Provider shall obtain the following policies and coverage. The insurance furnished by the Service Provider under this section shall provide coverage in amounts not less than the following, unless a different amount is stated in Exhibit A, Scope of Work Description:
 - 1) Comprehensive or Commercial Form General Liability Insurance:
On an occurrence basis, cover work done or to be done by or on behalf of the Service Provider and shall provide insurance coverage for bodily injury, personal injury, property damage, and contractual liability. The aggregate limit shall apply separately to the work. Limits of Liability:

\$1,000,000 Each Claim - combined single limit for bodily injury and property damage.
 - 2) Business Automobile Liability Insurance:
On an occurrence basis, cover owned, scheduled, hired, and non-owned automobiles used by or on behalf of the Service Provider and shall provide insurance coverage for bodily injury, property damage, and contractual liability. Use Insurance Service Office (ISO) Form Number CA 0001 covering any automobile. Limits of Liability:
\$1,000,000 Each Accident - combined single limit for bodily injury and property damage.
 - 3) Workers' Compensation Insurance:
This insurance shall include Employers Liability limits of \$1,000,000 and other limits required under California law.

4) Professional Liability Insurance:

Professional liability (errors and omissions) insurance on per incident basis, covering work done or to be done by or on behalf of the Service Provider and providing insurance for professional liability in the amount of \$1,000,000 per incident with a \$4,000,000 aggregate annually. The Service Provider shall obtain and maintain professional liability insurance on a claims-made basis for no less than \$1,000,000 each claim and \$2,000,000 annual aggregate, and certification of coverage shall be submitted to the Trustees upon signing of this Agreement. If the total contract amount exceeds \$1,000,000 the Service Provider shall renew and keep such insurance in effect for at least ten (10) years after the recordation of the notice of completion.

For any of the insurance described in the paragraphs above, the amount of limits can be satisfied by a combination of primary and excess or umbrella insurance.

- b. Insurers shall be authorized in the State of California to transact insurance and shall hold a current A.M. Best's rating of no less than **A: VII** or alternatively a carrier acceptable to the Trustees.

Verification of coverage shall be provided as follows:

- 1) For the general policies, the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall be covered as additional insureds.
 - 2) For claims related to the work, the Service Provider's insurance coverage shall be primary insurance as respects the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents. Insurance or self-insurance maintained by the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall be in excess of the Service Provider's insurance and shall not contribute with it.
 - 3) The State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall not by reason of their inclusion as additional insureds incur liability to the insurance carriers for payment of premiums for such insurance.
- d. Additional Insurance Provisions

- 1) Any deductible under any policy of insurance required in this section shall be the Service Provider's liability.
 - 2) Acceptance of certificates of insurance by the Trustees shall not limit the Service Provider's liability under the Agreement.
 - 3) The Service Provider's obligations to obtain and maintain required insurance are non-delegable duties under this Agreement.
10. Personal Eligibility Certification. If the Service Provider is a natural person, the Service Provider certifies by signing this Agreement that s/he is a citizen or national of the United States or otherwise qualified to receive public benefits under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193; 110 STAT. 2105, 2268-69), State of California Governor's Executive Order W-135-96.
11. Corporate Eligibility Certification. If the Service Provider is a corporation, the Service Provider certifies and declares by signing this Agreement that it is eligible to contract with the State of California pursuant to the California Taxpayer and Shareholder Protection Act of 2003 (Public Contract Code Section 10286, *et seq.*).
12. Nondiscrimination. In the performance of this Agreement the Service Provider and its consultants shall not deny the Agreement's benefits nor shall they discriminate unlawfully against any person on the basis of religion, color, ethnic group identification, sex, actual or perceived gender identity, age, physical or mental disability, medical condition, marital status, or age (over 40). Additionally, the Service Provider and its consultants shall ensure that the evaluation and treatment of employees and applicants for employment are free of such discrimination as well.
- a. Service Provider shall comply with the provisions of the Fair Employment and Housing Act (Government Code Section 12900, *et seq.*), the regulations promulgated thereunder (California Code of Regulations, Title 2, Sections 11000, *et seq.*), and the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (Government Code Sections 11135-11139.5).
 - b. Service Provider shall permit access by representatives of the California Department of Fair Employment and Housing and the Trustees upon reasonable notice at times during normal business hours with at least 24 hours' notice, to its books, records, accounts, other sources of information, and its facilities as the Department or the Trustees shall require ascertaining compliance with this Agreement.

- 2) The Service Provider's policy of maintaining a drug-free workplace,
 - 3) Any available counseling, rehabilitation, and employee assistance programs, and
 - 4) Penalties that may be imposed upon employees for drug abuse violations.
- c. Require that each employee engaged in the performance of the Agreement be given a copy of the statement required by subpart A, and require that each employee, as a condition of employment on the Agreement, agree to abide by the terms of the statement.
14. Disabled Veteran Business Enterprise. Responsive to direction from the State Legislature (Public Contract Code Section 10115, *et seq.*), the Trustees are seeking to increase the statewide participation of disabled veteran business enterprises in contract awards. To this end, Service Provider shall inform the Trustees of any contractual arrangements with consultants or suppliers that are certified disabled veteran business enterprises.
 15. Assignment. Service Provider shall not assign benefits or delegate duties under this Agreement in whole or in part, nor assign any moneys due or to become due hereunder without the written consent of the Trustees.
 16. Successors. The provisions of this Agreement shall extend to and be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns to the parties hereto.
 17. Notice. Notice for either party may be served by delivering it in writing to the party, or by depositing it in a U.S. mail deposit box with postage fully prepaid addressed as shown within the information block of the Agreement page. Nothing herein shall preclude the giving of notice by personal service.
 18. Audit. If the Agreement exceeds \$10,000, the contracting parties shall be subject to the examination and audit of the State Auditor of the State of California and the California State University Auditor for a period of three years after final payment under the Agreement. This examination and audit shall be confined to those matters connected with the performance of this Agreement, including, but not limited to, the cost of administering this Agreement (Government Code Section 8546.7).
 19. DIR Registration. In accordance with Labor Code Section 1720, *et seq.*, the Service Provider shall register with the Department of Industrial Relations (DIR) for this project and pay at least the prevailing wages on services/work aspects where a prevailing wage applies. Such services and/or work aspects include, but are not limited to, the Service Provider or its sub-consultant's provision of geotechnical studies, potholing involving digging, site surveying and/or construction Inspector of Record services as defined by the DIR.
 20. Agreement Changes. Alteration or variation of the terms of this Agreement shall not be valid unless made in writing and signed and dated by the parties. Oral representations, understandings, or writings not expressly incorporated in the Agreement are void. Unless identified within Exhibit A, Scope of Work, under a separate sub-heading entitled 'Modifications to Agreement', it is the intent of the Trustees to use the standard published form of this Agreement and Rider A without modification. The Agreement and Rider A shall not be modified without review and concurrence by CSU Office of General Counsel.
 21. Offshoring of CSU Contract Work. Service Provider warrants it certified under penalty of perjury in its bid for this Agreement that the Agreement, and any subcontract performed under the Agreement, will be performed solely with workers within the United States; and if this Agreement, and any subcontract performed under this Agreement, will not be performed solely with workers within the United States, Service Provider described in its bid any parts of the work to be performed by workers outside of the United States. Further, Service Provider warrants no work will be performed under the Agreement with workers outside the United States, except as described in Service Provider's bid. If Service Provider or its sub-supplier performs the Agreement with workers outside the United States during the life of the Agreement, and Service Provider did

not describe such work in its bid, Service Provider acknowledges and agrees that:

- a. CSU may terminate the Agreement without further obligation for noncompliance, and
 - b. Service Provider will forfeit to CSU the amount CSU paid for the percentage of work that was performed with workers outside the United States and not described in Service Provider's bid.
22. **Limitation of Duties and Services.** The parties acknowledge and agree that Service Provider's duties and services under this Agreement shall not include engaging or advising on public contracting on behalf of the CSU. Specifically, Service Provider's duties and services shall not include preparing or assisting the Trustees with any portion of the Trustees' preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the Trustees for a project. The Trustees entering into this Agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of any project. Service Provider's participation in the planning, discussions, or drawing of project plans or specifications for a project shall be limited to conceptual, preliminary, or initial plans or specifications. Service Provider shall cooperate with the Trustees to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by Service Provider pursuant to this Agreement.
23. **Limitation of Liability.** In recognition of the relative risks and benefits of the Project to both CSU and the Service Provider, the risks have been allocated such that CSU agrees, to the fullest extent permitted by law, to limit the liability of the Service Provider and Service Provider's officers, directors, partners, employees, shareholders, owners, and subconsultants for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert witness fees and costs, so that the total aggregate liability of the Service Provider and Service Provider's officers, directors, partners, employees, shareholders, owners and subconsultants shall not exceed \$1,000,000 per incident with a \$4,000,000 aggregate annually. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either CSU or the Service Provider. The Service Provider's services under this Agreement are being performed solely for CSU's benefit, and no other party or entity shall have any claim against the Service Provider because of this Agreement or the performance or nonperformance of services hereunder.

This review does not replace quality control or quality assurance review by the engineer of record and is not intended to reduce or eliminate errors and omissions, supplement design and specifications prepared by others, reduce or eliminate changes or claims during construction or to provide cost savings. The review shall not include a comprehensive review of the accuracy or completeness of details or calculations, construction means or methods, coordination of the work with other trades or construction safety precautions, all of which are the sole responsibility of others. The Service Provider shall not be responsible for any deviations from the Construction Documents not brought to the attention of the Service Provider in writing by CSU. This review does not guarantee the underlying design meets the contract requirements or the standard of care and is limited to the scope in this contract. The underlying engineer of record remains solely responsible for the design of the project.

Rider B- Supplemental General Provisions

Section 9: Insurance Provisions:

The following is added to Rider A, Agreement General Provisions, Section 9, Insurance Provisions:

Exclusion of Premium Liability:

The State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall not, by reason of their inclusion as additional insureds, incur liability to the insurance carriers for payment of premiums for such insurance.

End of Rider B

Exhibit A - Scope of Work, CSU Seismic Peer Review

1. Purpose and Scope:

[Excerpted from CSU Seismic Requirements, Latest Edition] The California State University shall cause to be performed independent technical peer reviews of the seismic aspects of all construction projects from their design initiation, including both new construction and remodeling, for conformance to good seismic resistant practices consistent with this policy.

2. Authorization of Work:

- a. Only the Trustees' representatives (individual University or Office of the Chancellor, CPDC (Capital Planning Design and Construction) staff) may authorize work under this agreement.
- b. CPDC administers the Master Enabling Agreement. Individual Universities participate in this agreement. CPDC assigns peer review responsibilities and may change or add new assignments during the agreement term. No minimum assignment of work to the Service Provider is guaranteed.
- c. The Service Provider shall seek to avoid conflicts of interest and the appearance of conflicts of interest by not accepting assignments where there is current contractual relationship between the Service Provider and the engineering firm whose work is being reviewed.
- d. Work assignments under this Agreement will be authorized by a Service Order and Authorization to Proceed (Exhibit C).
- e. Service Orders and Authorizations to Proceed may be issued under this Agreement during the Agreement term. Work authorized within the term of this Agreement may be conducted and completed after the expiration of the contract term of this Agreement unless the Agreement is terminated prior to the expiration of its term in writing by the Trustees.
- f. Service Orders and Authorizations for CSU Seismic Peer Review services shall be only performed by current full voting members of the Seismic Review Board (SRB) for their respective assigned CSU University as designated by the SRB Chair and CPDC.

3. The Peer Review:

A Seismic Peer Review is a required review for CSU major capital projects. A seismic peer review is elective by the University for CSU minor capital projects. The primary purpose of the seismic peer review is to offer a knowledgeable professional 'second opinion' and strategic insights on the functionality and efficacy of the project's structural/seismic system. Although code compliance is to be considered as a part of this review, the review is not intended as a substitute for the independent code compliance check that the University will be undertaking separately and in parallel to this work.

While the peer review process supports design development of the project, the Project Architect/Engineer of Record retains full responsibility for the design documents including their completeness and function.

- a. The Service Provider is authorized to begin the peer review upon receipt of a Service Order and Authorization to proceed. Before considering a project in full, assess if the project warrants seismic peer review. If it does not, provide a brief letter notifying the University of this instead of conducting a peer review.
- b. For each project accepted and appropriate for peer review, provide a Seismic Peer Review of the project. Ideally the peer review will begin at the inception of the project. Where the Service Order is issued prior

- to the start of the design efforts, review for appropriate RFP reference to CSU Seismic Guidelines and for project, program, or site considerations of note.
- c. Service Provider may suggest potential design options, analysis perspectives, and relay CSU Systemwide experience in materials performance, location, and configuration considerations that the design team can build upon in the development of the project.
 - d. Service Provider may offer recommendations of possible methods for the resolution of technical issues encountered in the design and construction. The responsibility for implementing peer review comments rests completely with the Architect/Engineer of Record.
 - e. If timely response resolution of peer review comments cannot be reached at the University level (differing professional opinions are perfectly reasonable), bring such issues to the attention of CPDC and the CSU Senior Building Official. CPDC will seek to achieve a broader secondary SRB (Seismic Review Board) consensus as needed and then CPDC will issue a timely resolution determination on the respective issue(s).
 - f. Provide peer review comments in MS Word (readable) format.
 - g. During the construction phase of a project, the Service Provider shall be available as a part of this work as a resource to the Trustees for review and assessment of technical issues that may be encountered.
 - h. Submittal materials for a peer review will vary by phase but need to be sufficiently complete to perform a meaningful peer review. If the submittal is incomplete contact the University for guidance. Contact CPDC if this cannot be readily or timely resolved at the University level.
 - i. Each peer review shall be tailored to the submittal phase, with concept development comments at Schematics. The review shall seek to verify sensible development of the schematic plan in later phases.
 - j. Peer reviews are encouraged to be supplemented by a phone conversation, virtual meeting or in-person discussion with the Engineer of Record. This may be particularly beneficial at the onset of the project to clarify requirements and at the schematic phase where submittals are narrative. By the construction document phase, submittals should include comprehensive and complete plans, specifications, engineering calculations, and soils investigation reports.
 - k. For each seismic peer review consider each of the following aspects:
 - 1) General compliance with the structural and seismic provisions of the California Building Standards Code (CBC) in Title 24 of the California Code of Regulations, as adopted and published by the California Building Standards Commission.
 - 2) Compliance with the current edition of the CSU Seismic Requirements posted online, (CPDC Website)
 - 3) Compliance with good professional practice including completeness of submittals and cooperation of the Engineer of Record with the peer review process.
 - 4) Local site conditions, exposure to seismic ground motion and seismic failure, and vulnerability of the structural system.
 - 5) Compatibility of proposed building assemblies to sustain deformation without destructive interference.
 - 6) In the case of existing structures, the condition of building assemblies.
 - 7) Configuration of building plan and elevations.
 - 8) Continuity of load path of structural elements and connections to carry gravity loads to the foundations and from foundations into the ground.
 - 9) Continuity of load path of structural elements and connections to carry seismic inertial loads from diaphragms to lateral-load resisting shear elements to foundations and from foundations into ground.
 - 10) Redundancy of lateral load resisting elements.

- 11) Behavior of the elements and connections of the design under reversing lateral loads, and the post-yielding behavior (ductility) of the element, if it should occur, and its impact on system performance and reliability.
- 12) The anticipated seismic performance of significant non-structural architectural elements and equipment.
- 13) Provide copies of the project seismic peer reviews to the University-assigned plan check review firm that is separately providing review work on this project so that plan check, and seismic peer review comments are shared and mutually considered in the development in each respective review. It is not necessary to incorporate the plan check comments or to delay the seismic peer review pending the plan check review. Coordinate with the University for plan review firm contact information. While the seismic peer review process will have started from project inception, typically the plan check review process will engage at the later part of the Construction Document phase. Sharing the seismic peer reviews from earlier phases will help inform the plan check team.
- 14) Provide supplemental University advisory as warranted for conditions reported during construction that may materially impact the seismic performance and reliability of the constructed building.

4. Timing of Reviews:

The Service Provider shall provide a peer review letter at each of the following points in the project development:

Schematic Design Phase

Preliminary Design Phase

Construction Document Phase

Construction Phase deferred submittals and advisory as may be called upon.

At approximately 75% schematic design phase in anticipation of a CPDC project review, provide a letter stating concurrence (or not) with the proposed design approach of the structural systems.

5. Distribution of Peer Review Letters:

- a. Provide a PDF copy via email.
- b. Provide PDF copies of all peer reviews, comments log and/or correspondence via email to each of the following:
- c. University-assigned independent plan check firm, project architect, project engineer and CPDC.
- d. Marked up drawings are not required.

6. Response Time for Reviews:

Provide timely reviews. Review durations of seven (7) to twenty-one (21) days are acceptable in general. Keep the University advised of projected review times and work to recognize and accommodate University schedule concerns. Keep both the University and CPDC informed as needed should coordination between any party become untimely or under-responsive. CPDC needs to be aware of architecture and engineering performance trends.

7. Back-Check Reviews:

- a. Provide timely back-check review(s) of resubmitted plans during the course of the project. This back-check shall include an assessment of whether comments made in the prior reviews have been addressed and identify any prior comments that have not been satisfactorily addressed and their impact on the project if constructed as presented.
- b. Issue back-check comments to University, design team, CPDC and the CSU Senior Building Official.

- c. At the completion of the design review provide a PDF letter to the University CPDC and the CSU Senior Building Official that the peer review phase comments have been resolved to the satisfaction of the reviewing board member.
- d. Provide a comments log of the closed items and outstanding items as a companion document to the PDF letter above.

8. Deferred Submittals:

- a. Confirm acceptance of proposed structurally related deferred items with the University as a part of the review and require that deferred submittals be listed in Division One of the project specifications and plans cover sheet as a peer review comment. Deferred structural submittals shall be identified in the final peer review concurrence letter.
- b. Review of individual deferred submittal items shall be provided as a part of the peer review.
- c. Advise University, CPDC and the CSU Senior Building Official if it appears deferred submittals identified in the final concurrence letter are not being submitted during the construction phase.

9. Phased Construction:

Phased construction of infrastructure, foundation, shell, tenant improvements, and other increments of construction are common to contemporary CSU construction. As part of peer review, assess the impact and timing of the University phased construction plan relative to scheduling for peer review of deferred submittal and phased construction document packages. Timing in this regard is critical and requires interaction and coordination by all team members. Advise University, CPDC and the CSU Senior Building Official if untimely or under-responsive actions occur.

10. Extra Services:

- a. Extra Services are not anticipated to be needed in the typical course of providing these reviews. The following would be examples of potential Extra Service work:
 - 1) Pre-design project studies.
 - 2) Participation in University design development beyond peer review, such as attendance at project design meetings or project site visits.
 - 3) Substantial stop/restart or re-characterization of original peer review scope.
- b. Extra Services require pre-authorization in writing by the project manager.

11. Reimbursable Expenses:

- a. The fee for the seismic peer review is inclusive of expenses incidental to this work. Reimbursable expenses are not anticipated in the typical course of providing a seismic peer review.
- b. Reasonable travel expenses when requested by the University will be reimbursable as part of an Extra Service Authorization.

12. Project Administration:

The master agreement and scope for this project is managed centrally by the Office of the Chancellor. Individual Universities are authorized to secure (and pay for) services under this agreement.

Direct inquiries for process, review challenges and general contract questions to:

California State University, Office of the Chancellor

Attention: Jack Andersen, Chief of Planning & Design
Telephone: (562) 900-2820

End of Exhibit A

**Exhibit B – Fee and Payment Schedule,
CSU Seismic Peer Review**

1. Fee Schedule:

The Peer Review Fee is derived from a standard project Architect Engineer Fee formula(s) found within Exhibit B spreadsheet(s) of various delivery agreements e.g. Design-Build Awards, Construction Manager at Risk, Small Project Agreement, etc. as calculated from the CSU Architect/Engineer Lump Sum Fee Formula(s) posted online at: <https://www.calstate.edu/csu-system/doing-business-with-the-csu/capital-planning-design-construction/operations-center/Pages/professional-service-agreements.aspx>

The campus, or alternatively CPDC, can provide the Architecture and Engineering Fee value used so that the Service Provider may calculate the appropriate peer review fee.

| Project Design Fee | Seismic Peer Review Fee |
|--------------------------------|---|
| Less than \$25,000 | The minimum peer review fee shall be not less than \$1,250. The minimum fee may be reduced (only) at the discretion of the Seismic Peer Reviewer. |
| Between \$25,000 to \$100,000 | \$1,250 plus .03 times the excess of the design fee over \$25,000 |
| Between \$100,000 to \$500,000 | \$3,500 plus .02 times the excess of the design fee over \$100,000 |
| Higher than \$500,000 | \$11,500 plus .01 times the excess of the design fee over \$500,000 |

2. Payment and Invoicing:

- a. Payments for services shall be made in arrears for work completed to the satisfaction of the Trustees upon presentation of a written invoice.
- b. Milestone payments will be in accordance with the agreement between campus and SRB Peer Reviewer. If no provision is included, payments will be authorized at the following milestones as listed in 2c below:
- c. Payments will be authorized at the following milestone points:
 - 1) Fifty percent (50%) upon completion Preliminary Phase Review.

Named Insured: WSP USA Group Holding Inc.

Address (including ZIP Code):

1 Penn Plaza, 2nd Floor

New York, NY 10119

This endorsement modifies insurance provided under the:

Commercial General Liability Coverage Part

A. Section **II – Who Is An Insured** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations or "your work" as included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to:

"Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

- a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. The following is added to Paragraph 2. Duties In The Event Of Occurrence, Offense, Claim Or Suit of Section IV – **Commercial General Liability Conditions:**

The additional insured must see to it that:

1. We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;
2. We receive written notice of a claim or "suit" as soon as practicable; and
3. A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. For the purposes of the coverage provided by this endorsement:

1. The following is added to the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

Primary and Noncontributory insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

- a. The additional insured is a Named Insured under such other insurance; and
- b. You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph 4.b. of the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this policy by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

F. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section III – **Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract or written agreement referenced in Paragraph A. of this endorsement; or
2. Available under the applicable Limits of Insurance shown in the Declarations, whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions of this policy remain unchanged.
