

**California State University
Council on Ocean Affairs, Science & Technology**

Dr. Krista Kamer

CSU-WATER Annual Meeting, April 19, 2024

What is COAST?

CSU-wide network of faculty members and students actively working to address critical ocean and coastal issues

What does COAST do?

Supports research, education and student training to advance our knowledge of ocean and coastal systems

Grant Waltz
Cal Poly SLO

Where does COAST work?

In the open ocean, coastal zone, and coastal watersheds in California and beyond!
